

Transportation of Students and Employees

Policy Statement

Students and employees requiring emergency medical attention are ordinarily transported by ambulance to a medical facility, where appropriate care is best provided by medical professionals.

Marywood University security officers do not provide convenience transportation. They do, however, provide a walking/riding safety escort on campus, upon request, to students and employees between the hours of 6:00 p.m. and 7:00 a.m.

Definitions

Students and employees are those who are currently enrolled or employed at Marywood University.
